

SURGE PROTECTION LEASE PROGRAM

Terms of Service

1. Service is provided for a minimum of 12 months.
2. SECO will assess a \$25.00 installation charge to be shown separately on the member's bill.
3. The meter based surge protection device remains the property of SECO and we have the right to access your property to install, remove or service the equipment.
4. Monthly service fees of \$5.95 shall be incorporated but shown separately on your bill.
5. SECO is merely the agent for this surge protection equipment and all warranties are provided solely by the manufacturer.
6. SECO does not manufacture or test the equipment and is not responsible for its performance.
7. Only a qualified SECO representative can install or remove the meter socket surge protector.
8. Appropriate, SECO supplied, point-of-use surge suppression products should be used to protect electronic devices and smaller appliances. Additional surge devices, if needed, may be obtained from your nearest SECO office.
